SUMMARY

Hardworking and confident B.Tech student with strong communication skills, currently learning MERN stack development. Proficient in front-end technologies including HTML, CSS, JavaScript, and React, with foundational knowledge of Java. Eager to apply technical skills and grow according to industry standards.

KEY COMPETENCIES

- Process Improvement, Leadership Skills, Teamwork, Problem-solving
- Report Writing and Presenting, Critical Thinking Skills
- Strong Interpersonal Skills, Proactive, and Self-motivated

SKILLS

- **Programming Languages:** C++, HTML, CSS, JavaScript, Java (basic)
- **Frameworks & Libraries:** Tailwind CSS, React.js, MERN Stack (in progress)
- **Databases:** MySQL, Supabase
- **Tools & Technologies:** Visual Studio Code, MS Office, GitHub

PROJECTS

1. Gym Website

Built a modern, responsive gym website showcasing services, membership plans, and trainer details. Implemented clean UI components and interactive layout using Tailwind CSS.

Link- <https://power-gym-ashy.vercel.app>

2. IQ Chatbot

Created an intelligent chatbot interface with TypeScript, focused on natural language interaction. Styled using Tailwind CSS for a responsive and visually appealing chat UI.

Link- <https://iq-chatbot.vercel.app>

3. Finance Management System

Designed a simple finance management tool to track income, expenses, and savings. Implemented core logic using JavaScript to handle data input and processing.
